Required: As soon as possible

Trinity School is an all age, modern, vibrant special school catering for the needs of students who have a wide range of severe, profound and complex learning difficulties. A significant number of our pupils also have ASD.

We are looking for enthusiastic motivated teachers to join a supportive team who are committed to raising standards and using innovative ways of enhancing the learning experience of the pupils.

We are keen to attract teachers who can demonstrate an optimistic and aspirational attitude towards the pupils. You may not possess all the skills as yet, but bring to us a positive, 'can do' approach and we will train you in the appropriate techniques and strategies.

We are keen to invite colleagues to visit and tour the school and have an informal chat over our expectations and your contribution.

Our class teachers are responsible for a small class group supported by classroom assistants and Speech Therapists. Our music teacher will plan and deliver music across the school. All teachers are required to lead an area of the curriculum.

Trinity School places a significant focus on professional development for all staff.

We offer:

- continuous professional development and training
- mentoring and coaching
- staff who are keen to share their expertise
- excellent working conditions and resources
- opportunities and challenges
- timetabled joint planning sessions

Closing Date – Friday, 17 February 2012

Interviews - Friday, 2 March 2012
