

Staying Safe Online during COVID -19

At Trinity

Parents

Many resources are available for your children during this time but not all websites and resources are safe or appropriate . On the school website we have a list of trusted resources and websites. The Government have also completed an audit of appropriate and free resources.

Please monitor the sites your children use and who they are interacting with.

At school we have a comprehensive filtering system to keep your children safe we are aware many families do not have this luxury.

Members of the school team will contact families regularly- please feel free to address any concerns during your call.
